

The International Conference on Artificial Intelligence and Software Engineering

Xi'an, China

May 6-8, 2022

We are pleased to announce that the International Conference on Artificial Intelligence and Software Engineering (ICAISE 2022) will be held in Xi'an, China during May 6-8, 2022.

You are invited to join us for ICAISE to contribute to the open learning environment of the event. We are accepting paper submissions, poster presentation submissions, and listener registrations. Whether you want to share the findings of your latest research with the international group of peers or learning from fellow researchers, scientists, and scholars, we can't wait to see you at ICAISE 2022 in Xi'an, China.

You can participate online if you could not join the conference onsite for COVID-19. The paper will be published normally.

- Agile Methodologies
- AI for Software Engineering
- Ant Colony Optimization
- Bioinformatics and Computational Biology
- Brain-Machine Interfaces
- Cloud and Service-oriented Computing
- Cognitive Systems and Applications
- Collective Intelligence
- Component-based Software Engineering
- Data Mining
- Debugging, Defect Prediction and Fault Localization
- DevOps and Container
- Differential Evolution
- Embedded Real-time Systems
- Empirical Software Engineering
- Evolutionary Data Mining
- Fuzzy Pattern Recognition
- Fuzzy Systems for Robotics
- Game Theory
- Hardware Implementations
- Human-Computer Interaction
- Intelligent Database Systems
- Knowledge Engineering
- Machine Learning
- Middleware, Frameworks, and APIs
- Mobile and Ubiquitous Systems
- Model-driven and Domain-specific Engineering
- Natural Language Processing
- Neural Network Theory and Architectures
- Open Source Development
- Parallel, Distributed, and Concurrent Systems
